

**MIDSTATE REGIONAL EMERGENCY MEDICAL
ADVISORY COMMITTEE
EMS ADVISORY**

NUMBER	<i>11-01</i>
DATE	<i>2/23/11</i>
SUBJECT	<i>Controlled Substance Administration on Inter-Facility Transfer -Update</i>

PURPOSE

Dispensing of controlled substances during an inter-facility transfer.

BACKGROUND

Historically, during inter-facility transfers, the sending facility would supply the transporting agency with the controlled substances required for the transport.

PLAN

Inter-facility transfers requiring controlled substances will require a written medical order from the sending physician. Controlled substances will be utilized from the ambulance stock.

All controlled substance administrations should be in accordance with the agency agreement to supply and plan to administer controlled substances.

LIMITATIONS

Controlled substances not approved by the Midstate REMAC ALS Protocol should not be transported or administered by Midstate ALS Providers.
